

JFS TO MATCH UP TO \$75,000 FOR DIRE NEEDS

In years past, JFS was able to help provide for the basic needs of those who came to us for financial assistance...paying a light bill, providing food certificates, helping to pay for medication and rent to avoid eviction...We did this day in and day out, and to varying degrees the resources were available.

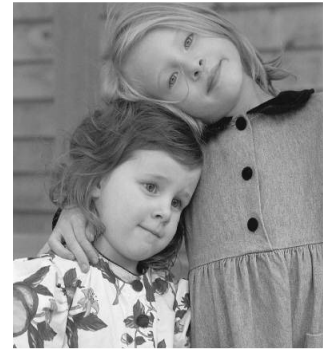

Now because of an increasingly bleak economy in South Florida and around the country, too many families, seniors, children and those who have no family, are confronted every day with needs they simply cannot meet.

The volume of calls continues to grow. It just isn't possible to help the sheer number of those who are losing their jobs, their homes, **and their ability to sustain themselves with dignity.** We have all heard stories of people with fancy cars driving up to food banks because they cannot pay their bills and buy food. This is all too real. In the coming months, many will need much more than we alone can give.

We will continue to do our best, to provide food, clothing and financial help in a great variety of areas, but with your help we can do so much more. Through a community effort we can help ease the burdens that so many are struggling with.

To achieve this end, JFS is asking for your help. We now have matching funds (dollar for dollar) so that if you donate to JFS's Gemulit Hasadim program, you can have your gift doubled dollar for dollar by the matching funds, up to \$75,000.

Even the smallest amount can make a difference!

Please give as generously as you can.
