

*Logitrac is dedicated to delivering new features as often as possible.  
This week Logitrac has released our Mobile Smartphone App.*

## Mobile Smartphone Application

Logitrac has released our new Mobile Smartphone Application. This application is designed to see all your vehicles out in the field from any mobile device while on the go. This application can be used on any mobile device including the iPhone, iPad, Android, Windows Tablet, Kindle & More.

Instructions:

Pull up browser on the Phone/Tablet:

[www.mobi.logitrac.co](http://www.mobi.logitrac.co)

For Android: Press menu button, select option save/add to home screen

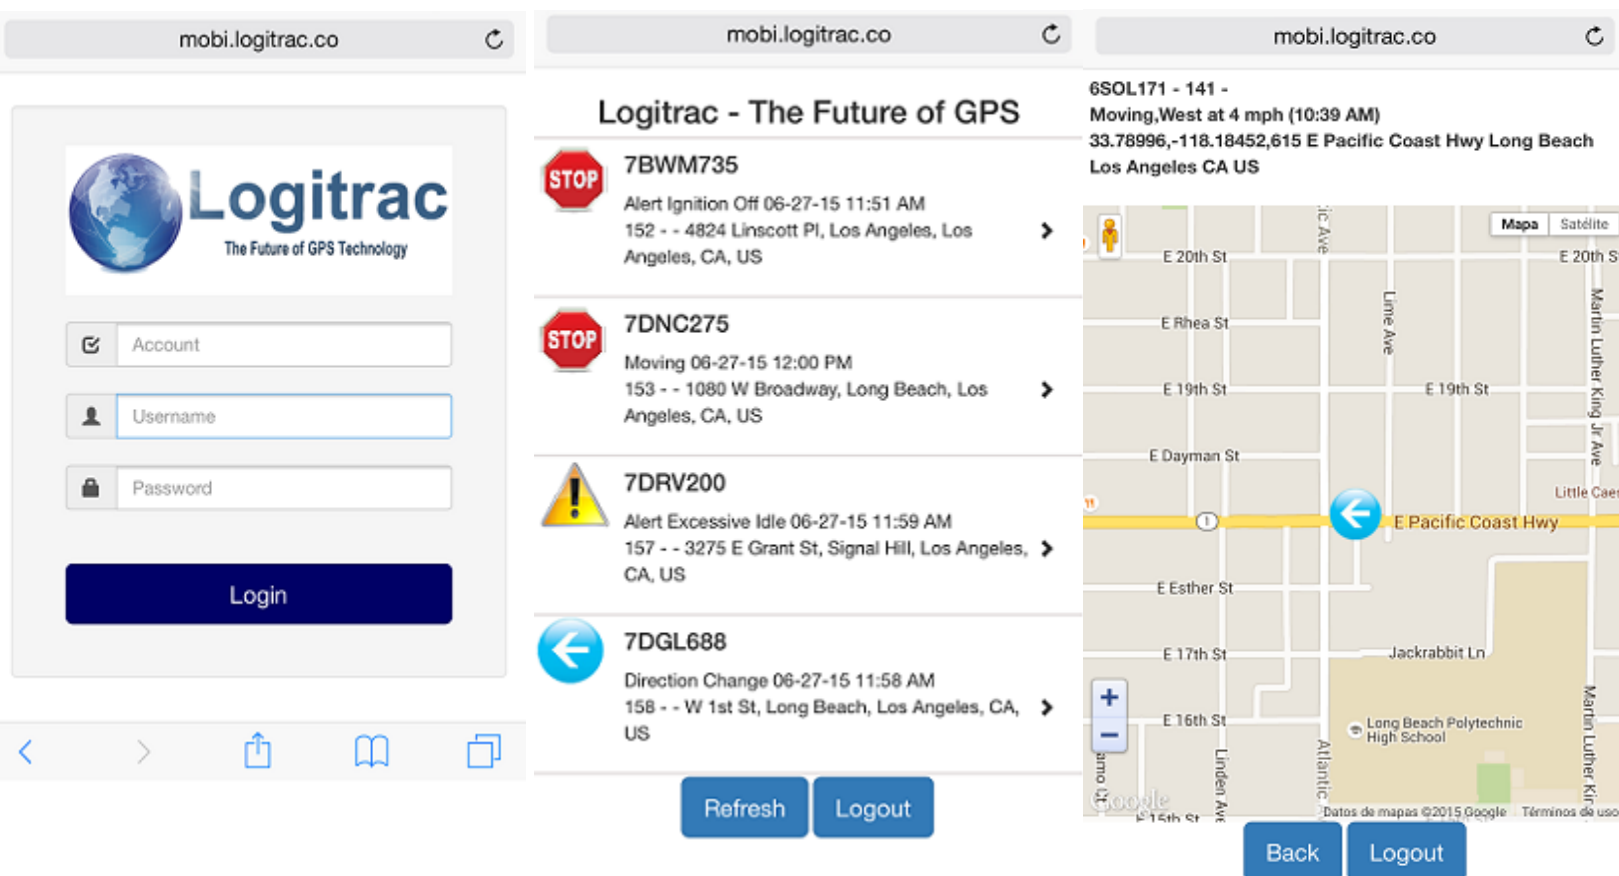

For iPhone: Press the lower Center Icon and Save the app to your home screen

This will Create a small Logitrac icon on your home screen.

Press the Icon, and you can login to your account.

This will show you a list of your fleet.

Click on a Device to get its location shown on a map.
