

One

Hot Hearts 2007

What kind of difference can one life make? The answer to that question depends on how you look at the word one. For the Christ follower, you never walk alone. Instead, you walk out your faith in relationship to the One who created Heaven and Earth, the One who took all of your sin upon Himself to bring redemption, and the One who conquered death and the grave. One becomes much more powerful when you realize it is His life that you depend on, not your own. If ONE meant you taking on the world by yourself, that would be impossible. But, with God all things are possible.

One Lord...Over All- Our Passion

The words LORD and Over All tell the message of ownership, that we have been bought with a price. We belong to the Glorious One . Because He is Lord and over all, we can seek Him with the ultimate passion because He is powerful

One Faith...Through All- Our Mission

Faith is in the person of Christ who is working through us to reach the world for Him. This is our mission. He has allowed us to become an active part of His Story. It is a mission worth living for and worth dying for.

One Baptism...In All- Our Identification

The idea about baptism is not getting wet or even how you get wet, it's about identifying with Jesus. Students will have learned that He is able to be trusted because He is LORD and Over All, they will have received a Mission from Him to carry His message with them wherever they go, now they will understand that He is **In** them as they go.
