THE SED-IT TEAM

EXPERIENCED. COMMUNICATIVE. ENGAGED.

Dwight Kayto, PMP, FISM

Dwight has over 30 years of executive level business and IT experience. He is a recognized industry speaker and has authored numerous articles and ITIL® training materials. Dwight's career in business development for major corporations uniquely prepared him for IT Service Management leadership.

He is able to guide organizations through the delicate balance of internal applications and actual field execution. Like all members of the SED-IT consortium, collaboration and creativity guide his work. It is why clients and peers alike have called him an artist – an artist of change.

BUSINESS PHILOSOPHY

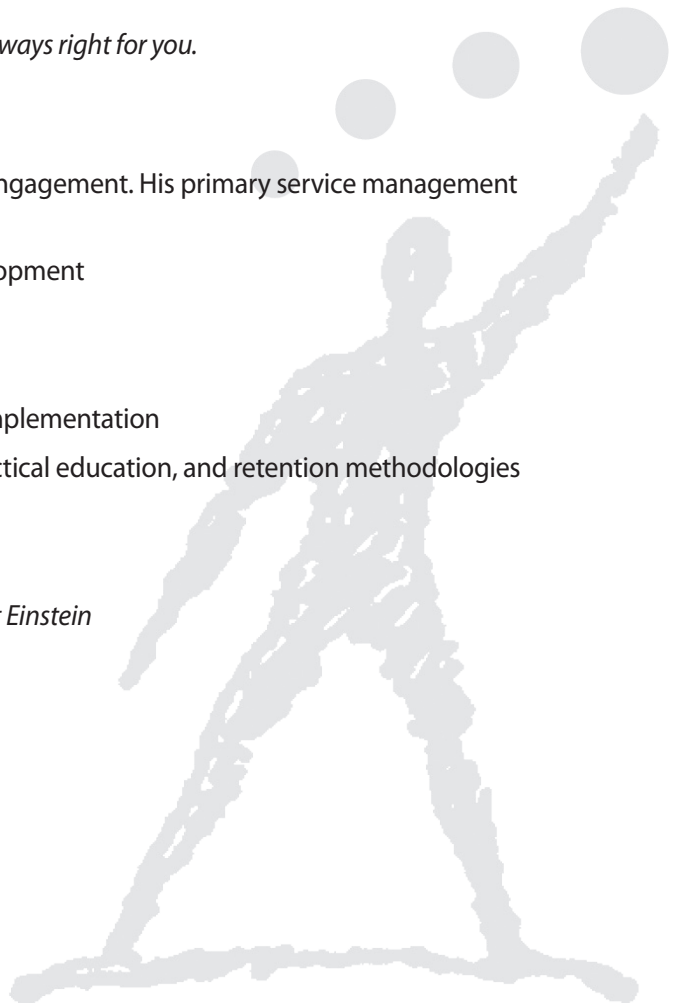

When you do what's right for your customers it is always right for you.

KNOWLEDGE

Dwight brings a wealth of knowledge to every engagement. His primary service management focus areas are:

- Strategic Planning and Corporate Development
- Business Analysis
- Business Systems Cost Efficiency
- Process alignment, improvement and implementation
- Demonstrated expertise in training, practical education, and retention methodologies

The only source of knowledge is experience – Albert Einstein
