

Imagine...

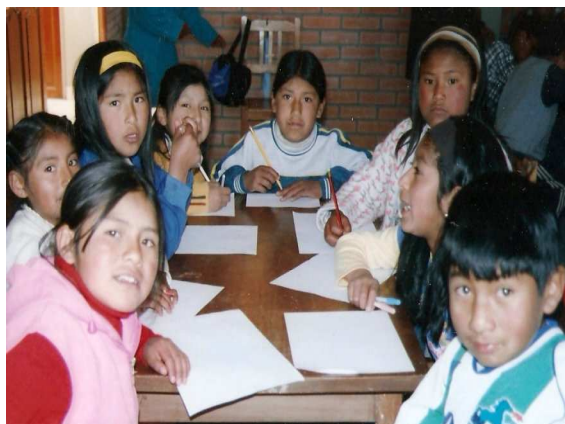

Imagine your life without Jesus. You would never know how much He loves you. You would never know He died and rose for your sins. You would never know you had a best friend that is with you always! Life would be sad.

Now, imagine your life without school. It might be fun for a week or month or two, but you would never have the chance to get a good job. Without a good job, you might not have enough money to eat good food.

Children's Christian Concern Society reaches out to the poorest children in the world. When you give your nickels, quarters and dollars to CCCS, **you are helping children LIKE YOU learn about Jesus AND go to school.**

Because of you, they will be able to get a good education, get a good job AND learn about our best friend, Jesus! Just imagine how you can help!

You can help these children go to school *and* learn about Jesus. You can make a difference!

- ☺ You can make a difference! Help sponsor a child for a little as \$25.
- ☺ CCCS sends over 17,000 kids to school in 19 different countries.
