A) The most suitable answer and operation is: No foods will be within public reach or access
B) If at all possible, it is best to use single-serve packets of ketchup, mustard, mayonnaise, etc. If you can use packets, note that. It's best to keep condiment needs to a minimum so guests don't have to handle them and you don't have to protect them from contamination. If you plan to use squeeze bottles, be prepared to keep them on ice in hotel pans or buckets.
C) If YES, fruit/vegetables should be cleaned in your own approved kitchen - so do that and notate: off-site in restaurant kitchen

NOTE that hot foods need to be keep above $135^{\circ}$ and cold foods must be kept at a minimum of $41^{\circ}$.
H) In most cases:
transported in insulated containers maintained by chafing dish with sterno or on top of grill (for hot) OR insulated thermal cooler (for cold)

## I) Less than 5 minutes

A) In many cases you will be preparing food on-site at the festival. Please list all of the RAW meat products such as beef, fish, chicken, pork.

Your answer might be N/A (not applicable) if you are only serving cold food or if you are pre-cooking in the restaurant and only re-heating OR keeping hot to serve.
B) in many cases, the answer will be No

You either will be cooking everything on site at the festival or you will not need to re-heat if you keep it hot in transit from restaurant to event site and then use warming trays or chafing dish/sterno to keep it hot.

Time for your 'inner artist!'
Consider the bottom of the square as the front of your serving space where we HIGHLY recommend a "serving table" (and in front of the table is where the guests are - outside of your tent/this box). NO FOOD PREP on the 'transaction table' - just collect money and serve here (non-sellable displays and décor are great for here also!)

Consider this box to be your 10' x 10' tent area - and consider it an overhead birds eye view

Draw a rectangle near the front and label it SERVING TABLE
By having this table for transactions only, all of your food is safe from public contamination
Draw a rectangle $1 / 2$ way back and label it PREP TABLE
Your staff stand behind there to assemble, cook, serve
Draw a small 2-top table in the back corner \& label it HAND WASHING
SIGNATURE
Print YOUR name and TITLE
Sign and date the form
